Re English Ferry Pool Service

- (a) Applicant must have an excellent flying record:  
Commercial license is preferred, but will accept private license, if record is satisfactory;
- (b) Must have a minimum of 350 hours logged, of which 200 hours in 2-S or equivalent aircraft;
- (c) Age limits - 21 to 35 years; applicants accepted under 21, provided written consent of parents secured;
- (d) Two written references as to character must be furnished with responsible persons or business concerns;
- (e) Character and sense of responsibility rank equally with flying qualifications;
- (f) Map reading and compass flying exercises are preferable to instrument flying for this type of work;
- (g) Applicant must obtain permit from local Draft Board before leaving United States. The leave of absence permit should correspond with the term of the contract, which is for a period of twelve months. Failing this a minimum of six months, with the understanding that the release will be extended for a similar period by making application to the Board for such extension. No difficulty has been experienced in this connection.
- (h) Applicant must pass flight test on Harvard or Yale trainer.

REMUNERATION

Salary is \$150.00 per week, American money, and is exempt from British taxes. Transportation paid to England and return from point of origin, and \$10.00 per day living expenses during transportation period out-bound. On return, a flat \$100.00 for expenses. If employed for one year - \$500.00 cash in U.S. money - bonus.

The nature of the work is entirely civilian, and the U.S. pilots do not lose their United States citizenship, nor are they required to take the Oath of Allegiance.
