WHITE HOUSE SOCIAL OFFICE: Records

East Wing Correspondence Files, 1948-1961

Accession: Pre-Accession, A70-60

Processed by: VJA

Date Completed: 6/22/17

The papers of the White House Social Office were deposited in the Eisenhower Library by the office of Mamie Doud Eisenhower in Gettysburg, Pennsylvania in August 1967. The records are considered a part of President and Mrs. Eisenhower's papers and are governed by the letter of gift of Dwight D. Eisenhower to Franklin Floete dated April 13, 1960. Subsequent materials were received from Mamie Eisenhower's staff in Gettysburg, Pennsylvania in 1970 and 1991.

Linear feet shelf space occupied: 66.5

Approximate number of pages: 135,000

Mamie Doud Eisenhower signed an instrument of gift for the papers on August 30, 1966. Upon her death in 1979 literary rights in the unpublished writings of Mamie Doud Eisenhower in this collection and in all other collections of papers received by the United States government have been donated to the public.

As indicated in the April 13, 1960 agreement, the following classes of documents will be withheld from research use:

1. Papers which constitute an invasion of personal privacy or a libel of a living person.
2. Papers which are required to be kept secret in the interest of national defense or foreign policy, and are properly classified.
3. Papers containing statements made by or to me in confidence.
4. Papers relating to my family or private business affairs, and papers relating to the families or private business affairs of persons who have had correspondence with me.

SCOPE AND CONTENT NOTE

This series contains the files that were maintained by the Social Office staff in the East Wing of the White House. They arranged the files into six subseries: Requests for the First Lady, Pre-Inaugural Files, Material Not Processed, Social Event Files, Lists of Destroyed Correspondence, and the Mrs. John S. (Elivera) Doud Correspondence. When received, the series also contained Mamie Eisenhower's personal correspondence from the years just prior to her becoming First Lady. These documents were transferred to the Mamie Eisenhower: Papers, SHAPE Series. A box at the end of the series contains oversized items withdrawn from all subseries in order to provide more appropriate house.

Subseries I: Requests for the First Lady

Boxes 1-124

The largest group of records in the series, this subseries consists of requests for meetings and interviews with the First Lady, invitations to events and social occasions, cross reference sheets, and requests to tour the White House. There are also gifts to the First Lady, requests for photographs and autographs, offers of honorary memberships, honorary degrees, requests for contributions to charity drives, requests for Mamie Eisenhower to serve on committees or serve as a patroness, requests for special messages, and offers from individuals to perform at social events. On some pages notes penciled in the margins by staff were later erased by the Social Office staff. Letters are usually accompanied by a carbon copy of the response from either Mamie Eisenhower or her staff. A few documents received by Mrs. Eisenhower between 1948 and 1952 are also included in some files.

The folder titles are alphabetical, but the surnames of correspondents and subjects fall in between the folder names. For instance, the folder ALFRED is followed by the folder ALLEN. A letter from someone named Ali would fall alphabetically after Alfred but before Allen, and therefore would be housed in the ALFRED folder. Memoranda regarding the First Lady's appointments, White House events, and special tours are included at the end of the subseries are arranged chronologically. These date only from 1953 through 1956 with a few relating to photography appointments in 1958.

Subseries II: Pre-Inaugural File

Boxes 125-131

This subseries contains correspondence received by Mamie Eisenhower during the 1952 campaign, following the election, and prior to the inauguration in 1953. The folders are arranged alphabetically by subject or the surname of the correspondent.

Subseries III: Material Not Processed

Boxes 132-133

This subseries consists of correspondence received in late 1960 through January 1961. The majority of the letters were sent to thank Mamie Eisenhower for her service as First Lady and wish her well on the next part of her life. A small portion of the letters were acknowledged by Mamie Eisenhower and her staff, but the bulk of the series is unacknowledged. No cross reference sheets were created for this material. Eisenhower Library staff have arranged the letters alphabetically, as the Social Office staff would have done if time had allowed.

Subseries IV: Social Event Files

Boxes 134-140

These files were used by the Social Office staff in planning events at the White House. Documents within the folders include guest lists, programs, memoranda, lists of acceptances and regrets, menus, briefing materials on members of foreign delegations, correspondence, and other related documents. Not all document types are included in every folder. This subseries is arranged alphabetically by name of event or organization. Diplomatic events are filed under the name of the country. Documents within each folder are generally in reverse chronological order.

Subseries V: Lists of Destroyed Correspondence

Box 141

Because the volume of correspondence sent to the First Lady was so large, not all letters were kept. Staff kept a list of letters that were not retained. Correspondence was arranged by general topic and noted the name of the sender, place of residence, and year the letter was received before destroying the correspondence. Entries were also labeled A or U, presumably to designation whether the correspondence had been acknowledged or whether it was unacknowledged. The lists of names are arranged alphabetically within each folder.

Subseries VI: Mrs. John S. (Elivera) Doud Correspondence

Boxes 142-143

Documents in this series relate to Mrs. Doud during her residence at the White House prior to her death, and include correspondence conveying gifts and flowers, inquiries concerning her health, and memorials presented after her death. Folders are arranged alphabetically. Documents within the folders are unarranged.
