**71-27-5**

Composite photograph with six aerial and two ground images showing damage after bombing raids. L to R, top row: Konisberg, Germany, in August 1944; Barmen, Germany, in May 1944; Stuttgart, Germany, September 1944; and Osnabruck, Germany, September 1944. L to R, bottom row: Leipzig, Germany in December 1943; two ground photos of Paris Renault Works, in March 1942; Bochum, Germany, in September 1943. Source: U.S. Army. One 10x15 B&W print.

**71-27-6**

Composite photograph with four aerial images showing damage after bombing raids. L to R, top row: two photographs of Watten, France, after V-2 Noball site after Allied attack, no date given. L to R, bottom row: Beaumetz-les-Aire, France, Noball site under Allied attack; and Campagneles-Hesdin, France, Noball site showing "Ski Building" used for storage, "Non-Magnetic Hut"

for adjustment of gyro in flying bomb and launching ramp. Source: U.S. Army. One 11x15 B&W print.

**71-27-7**

Composite photograph with four aerial images showing Normandy beaches on D-Day. Top row: unloading operations at Vierville, France. L to R, bottom row: damage to shipping at Vierville, France; prefabricated "Mulberry" landing stages; and shipping concentration on D-Day June 6, 1944. Source: U.S. Army. One 10½x14 B&W print.

**71-27-8**

Composite photograph with two aerial images: left side shows the artificial harbor at Arromanches, France, June 1944; bottom right side shows the prefabricated sections marshalling off the southern English coast before D-Day. Source: U.S. Army. One 10x15 B&W print.

**71-27-9**

Aerial view of showing the artificial harbor at Arromanches, France, June 1944. Source: U.S. Army. One 11½x14 B&W print.

**71-27-10**

Composite photograph with seven aerial images showing D-Day beaches. Top row, Pointe de la Percee, France. L to R, middle row: Carentan, France, showing exterior landing wall west of town; landing beach shortly after D-Day showing tracks in sand; and beach showing lines of transports carrying supplies. L to R, bottom row: landing craft on beach in early July 1944; landing craft in foreground and section of roadway laid on beach to facilitate traffic; and steady stream of traffic moving inland for one of the disembarkation points. Source: U.S. Army. One 12x14½ B&W print.

**71-27-11**

Composite photograph with six aerial images showing damage after bombing raids. Top row, Vaires, France, showing damage to railway tracks and rolling stock; and Maline, France, tracks and wagons destroyed by 9<sup>th</sup> Air Force. L to R, bottom row: Metz, France, after 9<sup>th</sup> air Force attack; Douai, France, as bombs explode on target; Stralsund, Germany, as 8<sup>th</sup> air Force attacks on July 18, 1944; and bridge explodes by sympathetic detonation of mines in Konz-Karthaus, Germany, on May 27, 1944. Source: U.S. Army. One 10x14½ B&W print.

**71-27-12**

Composite photograph with five aerial images. L to R, top row: Caen, France, showing tank battlefield in the plains before city, covered with a maze of tank tracks caused by fragmentation bombing; and burned out German transports on roads leading out of Argentan, France. L to R, bottom row: a column of Allied Transport move up to the front lines shortly after D-Day; British tanks take up battle positions in France on D-Day. White spots in foreground are craters made by previous artillery shelling; and Allied tanks move upon through a town in France and take battle position in the field in foreground on D-Day. Source: U.S. Army. One 10½x14½ B&W print.

**71-27-13**

Composite photograph with four aerial images showing the destruction of German enemy oil installations by the 8<sup>th</sup> U.S. Air Force and the RAF. Left: a column of smoke rises from Rozitz Oil Refinery after 8<sup>th</sup> Air Force attack. Top right: Ludwigshafen Oil Plant is attacked by 8<sup>th</sup> air Force on September 13, 1944; middle right: Dollbergen Oil Refinery damaged by 8<sup>th</sup> air force on August 5, 1944; and bottom right: Hemmingstedt Oil Refinery devastated after 8<sup>th</sup> air Force attack on May 4, 1944. Source: U.S. Army. One 10x15 B&W print.

**71-27-14**

Composite photograph with two aerial images showing the destruction of German enemy oil installations by the 8<sup>th</sup> U.S. Air Force and the RAF.: left side shows Bottrop Welheim Oil Plant after attack of RAF overnight on July 20-21, 1944; right side shows Nordstern Synthetic Oil Plant damaged by RAF attack on June 15, 1944. Source: U.S. Army. One 9x15 B&W print.

**71-27-15**

Composite photograph with two aerial images showing the destruction of German enemy oil installations by the 8<sup>th</sup> U.S. Air Force and the RAF.: left side shows Bec D'Ambes Oil Storage after attack of RAF overnight on August 4-5, 1944; right side shows Homburg Synthetic Oil Plant attacked by RAF on August 27, 1944. Source: U.S. Army. One 7x15 B&W print.

**71-27-16**

Composite photograph with five aerial images showing the destruction of German enemy installations by the 8<sup>th</sup> U.S. Air Force and the RAF. Left: Pauillac Oil Plant and Storage a few hours after attack by RAF overnight on August 4-5, 1944. L to R, top right: bombs explode during attack on Hemmingstedt Oil Refinery by 8<sup>th</sup> air Force attack on August 4, 1944; and Gennevilliers Synthetic Oil Plants burns shortly after attack by 8<sup>th</sup> Air Force on June 22, 1944. L to R, bottom right: devastation of Pauillac Oil Plant and Storage is visible after smoke clears on August 5, 1944; and black smoke rises several thousand feet after 8<sup>th</sup> Air Force attack on Zeitz Oil and Storage Depot on August 16, 1944. Source: U.S. Army. One 10x15 B&W print.

**71-27-17**

Composite photograph with four aerial images. Top left shows a single light bomber in flight; top right shows enemy anti-aircraft fire on bomber; and bottom left shows planes flying in formation; bottom right shows heavy bomber seen from below with its bomb bays open. Source: U.S. Army. One 11x15 B&W print.

**71-27-18**

Composite photograph with four aerial images. Top left shows rocket firing aircraft; top right shows attack on trawler escorting convoy; bottom left shows Beaufighters attacking shipping off Poix, France; and bottom right shows an attack on shipping of Norway. Source: U.S. Army. One 11x14½ B&W print.

**71-27-19**

Composite photograph with three aerial images showing use of rocket projectiles in attacks on enemy shipping. Top left shows rockets on way to the target, a sloop; top right shows a rocket on way to a Sperrbrecher; and bottom left shows rockets striking an armed motor vessel. August 13, 1944. Source: U.S. Army. One 11½x14½ B&W print.

**71-27-20**

Composite photograph with three aerial images showing attacks on enemy railway centers. Left shows rockets destruction on the Brason railway center by the 15<sup>th</sup> Air Force on July 8, 1944; top right shows concentration of destruction during attack by 8<sup>th</sup> Air force at Darmstadt, Germany, railway center on August 13, 1944; and bottom right shows 8<sup>th</sup> Air Force attack on Klockner-Humbolt railway center on August 13, 1944. Source: U.S. Army. One 10x15 B&W print.

**71-27-21**

Composite photograph with four aerial images showing German transports waiting to cross the Seine River by ferry at Rouen after the battle of Falais Gap in August 1944. Source: U.S. Army. One 10x15 B&W print.

**71-27-22**

Composite photograph with three aerial images. Top left shows Germans attempting to retreat from Argentan, France; and bottom left shows British armor taking up positions; and right shows routed German motor transports attempting to cross the Seine River by ferry after Normandy battle. Source: U.S. Army. One 10x14½ B&W print.

**71-27-23**

Composite photograph with four aerial images showing German airfields. Top left shows Venlo Airfield in the Netherlands with camouflaged German Ju-88; bottom left shows a JU-88 with British markings; and top and bottom right show Messerschmitt ME-262 jet aircraft on a German airfield on August 23, 1944. Source: U.S. Army. One 10x13½ B&W print.

**71-27-24**

Composite photograph with three aerial images the Siegfried Line showing German defenses in August 1944. Source: U.S. Army. One 9½x15 B&W print.

**71-27-25**

View of four heavy bombers in flight. No date given. Source: U.S. Army. One 11½x14½ B&W print.

**71-27-26**

Composite photograph with five aerial images showing attacks on German oil refineries. Top row shows the 8<sup>th</sup> Air Force attacking Monnheim, Germany, oil refinery on October 15, 1944; bottom left shows fires burning at the Merseburg-Leuna, Germany, synthetic oil plant as result of the 8<sup>th</sup> air Force attack on September 13, 1944; and bottom right shows attack on Wesseling, Germany, synthetic oil plant by 8<sup>th</sup> Air Force on October 15, 1944. Source: U.S. Army. One 10x14½ B&W print.

**71-27-27**

Composite photograph with three aerial images showing attacks on German engine manufacturing plants. Left shows destruction of the Sindelfengen-Daimler Benz engine plant by the 8<sup>th</sup> Air Force on September 13, 1944; top right shows damage to the Kiel Aero Engine plant

by the 8<sup>th</sup> air Force attack on September 12, 1944; and bottom right shows attack on Gotha Aero Engine plant after attack by 8<sup>th</sup> Air Force. Source: U.S. Army. One 9x14½ B&W print.

**71-27-28**

Composite photograph with seven aerial images showing attacks on German positions. L to R, top row: two images of destruction of German headquarters in The Hague, the Netherlands, by RAF Mosquitoes with little damage to nearby residential property; and damage to Caen, France, by Allied air forces. L to R, bottom row: Bremerhaven, Germany, before the RAF attack on September 18-19, 1944; Bremerhaven at the end of attack showing southern half of town on fire; after the attack showing Bremerhaven almost completely gutted; and Monchengladbach, Germany, after attack by RAF on September 19-20, 1944. Source: U.S. Army. One 10x14 B&W print.

**71-27-29**

Composite photograph with five aerial images showing demolition of German port facilities. L to R, top row: Dunkirk, France; Boulogne, France. L to R, bottom row: Rotterdam, Germany; Calais, France; and Brest, France. Source: U.S. Army. One 10x13½ B&W print.

**71-27-30**

Composite photograph with three aerial and three ground images showing the attack on and resulting damage to U-boat shelters at Brest, France, by RAF heavy bombers. Source: U.S. Army. One 10x14½ B&W print.

**71-27-31**

Composite photograph with five aerial images showing damage to German manufacturing centers. L to R, top row: Kothen Aero Engine plant before attack on August 16, 1944; and Magdeburg-Friedrichstadt Ordnance Depot under attack by 8<sup>th</sup> Air Force. L to R, bottom row: Kothen, Germany, during attack by 8<sup>th</sup> Air Force on August 16, 1944; damage to Fallersleben Volkswagenwerke plant by 8<sup>th</sup> Air Force; and Brunswick Querum Aero Engine plant attacked by 8<sup>th</sup> Air Force on August 5, 1944. Source: U.S. Army. One 9½x15 B&W print.

**71-27-32**

Composite photograph with seven aerial images showing RAF attacks on German held cities. L to R, top row: Munster, Germany, before attack on September 12, 1944; fires burn in Munster day after attack; gutted building in Stettin, Germany, after attack on August 16-17, 1944; and Le Havre, France, after attack on September 5, 1944. L to R, bottom row: destruction in area west of harbor in Kiel, Germany, after attack on August 26-27, 1944; column of smoke rise from Darmstadt, Germany, after attack on August 11-12, 1944; and almost complete destruction of Emden, Germany, after attack on September 6, 1944. Source: U.S. Army. One 9½x15 B&W print.

**71-27-33**

Composite photograph with five aerial images showing RAF attacks on French cities. Top row: two views of Le Havre during attack on September 10, 1944 showing almost complete destruction of the central part of the city. L to R, bottom row: two views of Le Havre showing

accuracy of bombing carried out during attack on September 10, 1944; and saturation bombing at Caen, France. Source: U.S. Army. One 11x14½ B&W print.
