

NEW FLAG OF THE UNITED STATES OF AMERICA MAY BE ONE OF THESE

These nine designs of 50-star Flags are submitted by Philip C. Brown of Fallbrook, California, to Washington in the hope that one may be chosen for the new 50-star United States Flag.

The top center design has the endorsement of the Veterans of Foreign Wars of the United States. The circle of stars represents the unbroken unity. The large star represents the polar star of Divine Guidance in the affairs of our nation.

The 13 Stripes, of course, will remain unchanged.

If you wish, mark the design you like best and send to Washington, D. C.
